

Mutrade is glad to offer a new add-on that allows our Hydro-Park two post parking lifts to stand freely on common concrete slab, asphalt ground or any other floor that is sufficient for loading pressure, and do not require extra foundation construction work or any anchor bolt embedded. It's available now for all Mutrade's two post parking lift models.

With our free standing add-on, you will get:

- The lifts installed on anywhere as long as there is available space.
- Foundation construction cost saved.
- Labor cost for anchor bolt embedded saved.

For the optional free standing add-on, you only need pay:

\$ 200 for each unit

Please contact our sales for more info about this innovative add-on.
